About 2 p.m. on 9 Cotober, a train with about 1,000 KVPs arrived at Eggssin railroad station; another troop train with about 500 men arrived two hours later. These soldiers who carried field equipment and were armed with earlines subsequently marched to the barwacks installation in the wooded area nameby. Only few tents had remained at the tent camp. The sheets of the disminated tents were being folded up and all metal tent accessories were being grassed before they were trucked away. The afternoon of 16 October, a convoy of 15 sedans occupied by high ranking Soviet officers including allegedly several generals, were seen proceeding to the barracks installation in the wooded area.    the officers inspected the billets constructed there. Grotewohl allegedly also participated in this inspection. About 4 p.m., the convoy of sedans was seen proceeding toward the Bereitschaftslager.    From 8 to 10 a.m. on 12 October, firing with life ammunition was practiced by 57-mm AT guns in Jagen (forest district) Nos 205 through 210. A total of 10 guns was allegedly involved in these exercises. About 10:30 a.m. on 14 October, about 25 canvas-covered 6-wheeled armored personnel carriers were seen proceeding from the direction of the Eggesin railroad station toward the wooded area nearby. The drivers wore fatigues. From 3 to 4 p.m. on the same day, four T 34/85 tanks conducted driving school in Jagen Nos 210 and 235. The tanks also fixed with practice ammunition.    In mid-October, the Bereitschaftslager near Eggesin quartered an estimated 1,200 kVPs and 200 officers. About 40 Soviet officers were also billeted at the camp. the food issued there had greatly improved recently.    Comment. The temporary employment of the unit involved and their return to Berlin is confirmed, 80 far, kVP units had not been equipped with nodel M-3 armore.							
railroad station; another troop train with about 500 men arrived two hours later. These soldiers who carried field equipment and were straid with earbines subsequently marched to the barracks installation in the wooded area manrby. Only few tents had remained at the tent comp. The sheets of the dismantled tents were being folded up and all metal tent accessories were being greased before they were trucked away.
